

Index 1800-1829

Only the first occurrence of a term on a page is indexed, and it may occur more than once. Ringers' names are not indexed, unless there is a specific news item relating to them, and these are grouped together. Also, modern terminology is used, so that, for example, Grandsire Bob Triples has been indexed as Plain Bob Triples, and Union Treble Bob is indexed as Oxford Treble Bob. The index as constructed is hierarchical, that is, a dash refers to the heading above. Thus for, instance, in the pair of entries

Aldington, Kent 151,199,226,350
- Union Society 219

the second line would refer to Aldington Union Society. County names used are those appertaining at the time.
