

Order and Disorder in the Eighteenth Century

INDEX

Only the first occurrence of a term on a page is indexed, and it may occur more than once. Ringers' names are not indexed, unless there is a specific news item relating to them, and these are grouped together. Also, modern terminology used, so that, for example, Grandsire Bob Triples has been indexed as Plain Bob Triples, and Union Treble Bob is indexed as Oxford Treble Bob. The index as constructed is hierarchical, that is, a dash refers to the heading above. Thus for, instance, in the pair of entries

Aldington, Kent 287, 357
- Youths 287

the second line would refer to Aldington Youths.
