THE CENTRAL COUNCIL OF CHURCH
BELL RINGERS

UK Registered Charity No. 270036

WELCOME TO YORKSHIRE

This is an auspicious year for the Yorkshire Association of Change Ringers, of which I am proud to be the President.

Not only have I had the pleasure of welcoming the Association of Ringing Teachers to York on the occasion of their Spring conference I am also welcoming the Central Council of Church Bell Ringers

to Sheffield for their Annual General Meeting.

These two, international, bellringing organisations have chosen to come to Yorkshire in the year we are celebrating our 150th Birthday.

Given that the CCCBR AGM is over the weekend of the 6th - 7th of September and that the YACR came into being formally on the 30th of October 1875 I guess that we will be around 149 years 10 months and 6 days at the AGM, but we will be in our 150th year!

Anyway, welcome to Sheffield where the local branch has done the heavy lifting on the organisation of this event. My particular thanks go to Philip Hoole who has led the team admirably.

Welcome all and have a great weekend!

Professor Andrew Slade, President of the YACR.

ISSUE

WELCOME TO SHEFFIELD 2025

On behalf of the Executive and the Yorkshire organising team I am pleased to welcome you to Sheffield for the Central Council's AGM weekend.

As always, the programme is open to ringers and non-ringers alike, with a variety of other ringing opportunities, as well as the more formal business events. This year we are also holding a Roadshow with many trades, groups and organisations supporting this event.

Starting on Friday 5th September there are two routes for ringing as people make their way into central Sheffield. In the evening, the two open ringing sessions at St Marie's Roman Catholic Cathedral and SS Peter & Paul's Anglican Cathedral is followed by the first social event of the weekend hosted in the Anglican Cathedral itself.

On Saturday 6th, proceedings start with the Ringing World AGM, an opportunity to hear about the journal's future plans and the National Youth Contest that goes from strength to strength.

After lunch the Central Council Annual Meeting will begin. This is where you can find out what is happening now and hear about our future plans and how you can contribute to secure the future of ringing.

Our evening social event is being held at the conference venue providing another opportunity to catch up and relax after the days business.

There are opportunities for Sunday Service ringing on the 7th where we hope to be able to support a number of towers that do not necessarily have a regular service band.

This will be followed by the Roadshow. Over 20 exhibitors will be present to show you their products, share new innovations and answer your queries about anything from bell restoration projects, rope making, merchandising, organisations and more. Check the rest of the programme to see when the talks take place that take us through Yorkshire's perspective, the scandal to the Church, what Karate teaches us about ringers and ringing and how to transform your local Guild. There's also an interactive workshop on how to make engaging social media content, so take your laptop, tablet or phone along. There will be several sets of mobile bells for you to try your hand at too.

I hope you enjoy your weekend and look forward to chatting with many of you. I would especially like to thank those volunteers who helped put this programme together and supported the events throughout the weekend.

Vicki Chapman

Deputy President, Central Council
Chair of the Sheffield 2025 Organising Committee

ART and the Central Council

Together, creating a sustainable future for bellringing

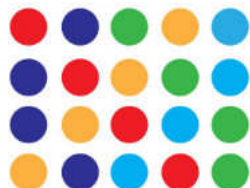

ART is dedicated to making learning to ring rewarding and enjoyable

- Training for teachers
- Learning schemes for ringers
- Resources, publications and videos

All to make ringing and teaching easy to understand and fun to learn

ROADSHOW SPEAKER PROGRAMME

Sunday 7 September

An exciting programme of talks by speakers from across the Exercise will take place from 11.30 to 15.15.

All talks will take place in the main building. Rooms for each talk will be clearly signed.

Title	Speaker(s)	Room	Start	End
Ringling 2030 - a Yorkshire Association perspective	Andrew Slade	Bradfield	11.30	12.15
"We've always done it like that!"	Linda Garton	Loxley	12.30	13.15
Using Social Media as a Recruiting Tool (Practical Workshop)	Jayden Milby	Bradfield	13.30	14.15
What can martial arts teach us about leadership?	Tina Stoecklin	Loxley	13.30	14.15
'Ringers ... a scandal to the Church, and a disgrace to themselves'	Gareth Davies	Loxley & Bradfield	14.30	15.15

ABOUT THE TALKS

Ringling 2030 - a Yorkshire Association perspective

In this talk, professor Andrew Slade, Yorkshire Association of Change Ringers (YACR) President will give an overview of the membership and activities of the YACR in relation to the challenges high lighted in the Council's '2030' initiative.

The composition of the YACR has changed significantly over the last few decades and Andrew will demonstrate how the membership of the YACR has fluctuated in both number and age distribution over that period. Covering three CofE Dioceses brings some challenges of its own but the main issues are very like that of other large, dispersed and mainly rural Guilds or Associations.

Andrew will brief the meeting on both these challenges and also on the way in which the YACR is meeting them.

"We've always done it like that!" Transforming your Guild or Association: from the Past to a Sustainable Future

Since 2021, the Bedfordshire Association (BACBR) has been undergoing review and restructuring, the final stages of which were implemented at the Association's AGM in May 2025. Over this period, the objects of the Association have been updated, the rules revised, a new management structure put in place, the Districts dissolved, and a redesigned calendar of events introduced. In this presentation, President of the BACBR, Linda Garton, will describe in more detail the changes which have taken place and why they were needed, explain how the process of restructuring evolved and the barriers which had to be overcome, and evaluate the success (or otherwise!) of the restructuring so far!

What will be clear is that there is no magic wand and no easy solutions to the issues faced by ringing in many areas, but it is hoped that this session might provide a few ideas to help towards a more sustainable future in your guild or association. There will be an opportunity for questions and answers at the end.

Using Social Media as a Recruiting Tool (Practical Workshop)

This is an interactive workshop where you will create a media page which you can use to promote ringing in your tower to the wider community. There will be a walkthrough demonstration of creating a social media page and discussions on how you can increase your following through social media. There will also be a chance to have a look at using the new Ringing 2030 branding and customising/using this for online posting. For this workshop, ideally you will need a laptop/tablet device, but a mobile phone will work fine.

What can martial arts teach us about leadership?

Tina Stoecklin is the current President of the Central Council of Church Bell Ringers, another step in a ringing journey that started with a lecture on the mathematics of change ringing at Kalamazoo College. She has held several roles and offices including Editor of The Ringing World, Publicity Officer for the North American Guild, Secretary of the Scottish Association, and ringing master for both Glasgow Cathedral and Inveraray bell towers. She has been a member of ART since 2013 and is part of the training team at Glasgow Cathedral. She has run a bellringing after school club, co-written two books on handbell ringing, and was part of the Women in Ringing Working Group which benchmarked the lack of women in leadership roles in ringing and collected stories about the experiences of women ringers. Outside of ringing, Tina has a successful career as technical project manager, and currently works in delivering software platforms for the Scottish Government. And a bit of karate on the side.

Ringers ... a scandal to the Church, and a disgrace to themselves

Would you have fallen foul of the nineteenth century belfry reformers because you were often drunk, rang for entertainment on Sundays and failed to attend church, or frittered your ringing earnings away on gambling?

A small group of nineteenth-century clergymen, including the Revd HT Ellacombe of chiming apparatus fame, saw it as their mission to reform bellringers and bellringing. But were bellringers really that badly behaved? And did the 'belfry reform' movement lead to

as much change as is sometimes claimed?

Gareth Davies's latest research project comes out of his work on Foolish Youths and Substantial Rewards, his 2024 book exploring the balance between ringing for profit and ringing for pleasure in Cambridge. He is now investigating what people thought of ringers nationwide, and how and why attitudes to them changed in the nineteenth century. The research has a long way to go, so Gareth will be explaining a little about belfry reform, identifying some of the puzzles it throws up, and sharing some of his theories and early findings.

CCCBR AGM 2019 Goldsmiths College

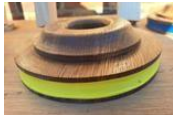

IT HAS BEEN 6 FULL ON YEARS

Maypole Bells Mini-Ring was launched at the CCCBR AGM at Goldsmiths College. It's mostly been a privilege travelling around the country teaching people to ring and supporting a wide variety of events.

Recently 'Mini-Ring 2' was commissioned and delivered to Pembrokeshire. It is to be known as the 'Wren Maypole Ring'

Post Goldsmiths I have dedicated my skills and time in supporting many other aspects of bell ringing and principally making bell ropes. I have a fully fitted workshop in the Kent countryside where everything is hand made by me. I have an open-door policy where you can experience this unique art.
